## AVIATION FORGING AND CASTING ASSISTANCE TEAM (AFCAT) EARNS DOD AWARD

On April 24th, 2014, AFCAT received a Value Engineering (VE) Award as an acknowledgement of exemplary achievement for projects that improved in-house and contractor productivity. AFCAT contributed to the Defense Logistics Agency's achievement of \$346.5 million in savings and cost avoidance in FY2012. AFCAT was recognized for innovation and cost savings within the DLA Aviation Value Engineering Department.

### SUCCESS STORY

L to R: Dale Roberts, Bill Cameron, Walker George, Keith Sturgill, and presenter Tom Kennedy, DLA Aviation Engineering & Technology Division Chief

*"Your award winners are clearly deserving of recognition for the tremendous job they did in achieving savings and cost avoidance for the Department. Please extend my congratulations to all of those who supported and participated in the VE program this year and help me in recognizing them for a job well done."*

Frank Kendall, Under Secretary of Defense  
Acquisition, Technology and Logistics
