Spring 2023

AMC Wins New Program: Emergent Metal Casting Solutions (EMCS)

AMC was awarded a new program by the Defense Logistics Agency (DLA) in March 2023: Emergent Metal Casting Solutions (EMCS). EMCS will deliver innovative metalcasting research and procurement solutions to DLA in a unified program aligned with DLA's and industry's needs, while leveraging AMC's long history of proven technology transition. The AMC EMCS-proposed projects will reduce costs and backorders, improve quality, increase productivity, enhance technology, and deliver process improvements for DLA. Two projects were awarded under the first EMCS Task Order with more to come as additional funding becomes available.

CAST-IT Member Keith Sturgill to Retire

AMC would like to thank CAST-IT member Keith Sturgill for his highly valuable contributions to CAST-IT, AMC, and the Defense Logistics Agency. Although Keith's main responsibility was supporting DLA Aviation, he has provided valuable knowledge and expertise to many AMC projects since his retirement from DLA Aviation in 2008. Keith plans to spend more time with his grandchildren. Thank you Keith for your excellent work! We will miss you!

Joint AFCAT / Metal FACT Meeting

AMC and FDMC conducted a joint Aviation Forging and Casting Assistance Team (AFCAT) / Maritime and Land Forging and Casting Team (Metal FACT) meeting at ATI, Summerville, South Carolina on April 18-19, 2023. The teams discussed ways to help the DLA Major Subordinate Commands in the timely and cost-effective procurement of spare parts for legacy weapons systems.

Upcoming Events

AMC Virtual Technology Review

The AMC Technology Review will be a virtual event this year on August 17, 2023. Look for registration details coming soon.

NADCA Die Metalcasting Congress

Visit AMC at the 2023 NADCA Die Casting Congress and Tabletop, Booth 332, Grand Rapids, MI, on September 19-21, 2023.
